So are you looking for a professional, communicative & punctual frontend developer?

If you have a webpage you are interested in developing, a problem that needs solving or a project that needs to be finished, I'd love to help you with it.

Developer skills

Web
HTML5, CSS, JavaScript.

CSS Frameworks
Bootstrap, bulma, UIkit, Semantic UI, materialize.

JS frameworks
React, Vue.js, electron.js

Other languages
C/C++, Java, Python, SQL

Other skills

Problem Solving

Communicating

Organizing

Analytical thinking

Experience

Prototipo X, Y and Z projects
Preview
- A series of landing pages developed to be beautiful and eye catching.
- Works anywhere, in any screen in any device due to its responsive design.
- Fast loading times due the use of pure CSS and HTML.

Tetris web app
Preview
- Based on the classic tetris game, this application was designed in raw javascript code (no libraries). It manipulates DOM elements to output the app onto an HTML canvas element.

Chat app
Preview
- A real time chat application that was developed using React, socket.io and node.js.

Youtube clone app
Source code
- A youtube-like app developed using react.
- Youtube v3 API was used.
- UI was developed using materialize framework.
